A psychedelic american proposes that the multiverse is an artificialy
fragmented single verse that we experiance on this plane. Spirits act
semi conciounsly on other planes and the weighted average is what we

experiance here. Infinate variation averaged, where all possible outcomes possibly exist simultainiously. it would once again put us at the center of the universe but hey! Its good to be the king. Our little tinkerings tilt the cosmic pinballmachines spiritual plane. Tip the scales. Affect the cosmic average of love and hate- and in turn touch the whole of creation. Water color. . . Psychedelic American. The name of the lsd enthusiuts hobby mag. Just finished book. Ask me again if I dont believe in coincidence . Im not sure. Too much interferance. Will procede as planned. Cochran may be up to his old tricks.
